User group: Employees

User type: Employees [auto]

Comments regarding selection of user type	Employees (incl. apprentices), civil service employees, professors emeriti (Prof. em.), retired professors (Prof. i. R.) who are administered by the ZUV , Abteilung PVIVA personnel management system.
Information regarding issue of IdM or guest identification	<ol style="list-style-type: none">1. The issue of an IdM-username for this type of user is put in effect implicitly, i.e. without application.2. The activation of the IdM-username is completed.3. Postal delivery of the activation letter (login information) is possible.
Granting basis for services	Granting basis is: <ul style="list-style-type: none">• either an employment contract at the FAU• or certificate of appointment of the FAU• or articles of apprenticeship of the FAU• or a contract of service at the FAU The prospective employment relationship is noted as affiliation in the IdM-profile of the user.
Service permission	NA
Duration	according to employment contract or appointment
Legal basis	Member of the FAU: Art. 17 Abs. 1 Bayerisches Hochschulgesetz (BayHSchG)

User type: Pre-Employees

Comments regarding selection of user type	individuals who need an early accommodation as prospective employees of the FAU.
Information regarding issue of IdM or guest identification	<ol style="list-style-type: none">1. The issue of an IdM-username for this type of user is put in effect explicitly, i.e. by application.2. The application must be signed by an IdM-point of contact of the employing FAU-organizational unit to-be and dated no more than three months earlier than the start of the employment contract .3. The IdM-point of contact or employee of the RRZE-service counter is responsible for verification of the identification of the user.4. Justification for an IdM-username must be submitted along with the application (via postal mail or personally) at a service counter of the RRZE.5. The need for early accommodation must be described in the field 'explanation'6. Then the activation of the IdM-username will be completed.7. Postal delivery of the activation letter (login information) is possible.8. In case the activation of the IdM-username is not put in effect, a service counter of the RRZE should be contacted.

Granting basis for services	<p>Granting basis is a prospective employment based on:</p> <ul style="list-style-type: none"> • either an employment contract at the FAU • or certificate of appointment of the FAU • or a contract of service at the FAU <p>There must already be an IdMobject created for the applicant where the prospective employment relationship is specified.</p>
Service permission	<ul style="list-style-type: none"> • The occasion may arise that services that are offered by publishers, software suppliers or as part of a framework contact of universities or entities, cannot be used before commencement of employment (based on the conditions for using these services). • The issue of an IdM-username and further approved IT-services are put in effect for the duration of early accommodation as specified in the employment contract.
Duration	maximum of three (3) months
Legal basis	not a member of the FAU

User type: Post employee

Comments regarding selection of user type	Former employees of the FAU who immediately following the end of employment need to finish work or may have been promised expeditious re-employment.
Information regarding issue of IdM or guest identification	<ol style="list-style-type: none"> 1. The issue of an IdM-username for this type of user is put in effect explicitly, i.e. by application. 2. This application can only be submitted within 60 days before and 60 days after the end of the employment. 3. The application must be signed by an IdM-point of contact of the formerly employing FAU-organizational unit. 4. The verification of identification of the applicant has already been performed by the IdM-point of contact at the beginning of the former employment and is not required here. 5. The need for continued service support must be described in the field 'explanation' of the application. 6. Activation of the IdM-username will be carried out automatically once the application has been approved. 7. In case the activation of the IdM-username is not put in effect, a service counter of the RRZE should be contacted.
Granting basis for services	<p>The expiring or expired employment relationship is noted as expired affiliation in the IdM-profile of the user and is based on:</p> <ul style="list-style-type: none"> • either an employment contract of the FAU • or certificate of appointment of the FAU • or articles of apprenticeship of the FAU • or a contract of service at the FAU
Service permission	<ul style="list-style-type: none"> • The occasion may arise that services that are offered by publishers, software suppliers or as part of a framework contact of universities or entities, cannot be used after the end of employment (based on the conditions for using these services). • The issue of an IdM-username and further approved IT-services are put in effect for a specified time frame following the end of the employment.

Duration	nine (9) months
Legal basis	not member of the FAU

User type: Volunteers

Comments regarding selection of user type	Individuals who work for the benefit of the FAU without compensation and are therefore recognized as members of the FAU .
Information regarding issue of IdM or guest identification	<ol style="list-style-type: none"> 1. The issue of an IdM-username for this type of user is put in effect explicitly, i.e. by application. 2. The application must be signed by an IdM-point of contact of the FAU -organizational unit that benefits from this work. 3. The IdM-point of contact or employee of the RRZE-service counter is responsible for verification of the identification of the user. 4. Justification for an IdM-username must be submitted along with the application (via postal mail or personally) at a service counter of the RRZE. Individuals listed on the website for Honorary senators and citizens of the FAU or are listed as FAU-ambassadors are not required to supply supporting documents. 5. Then the activation of the IdM-username will be completed. 6. Postal delivery of the activation letter (login information) is possible.
Granting basis for services	<p>Granting basis for this work is:</p> <ul style="list-style-type: none"> • either a service contract of the FAU • or a certificate of appointment as honorary member of the FAU • or a certificate of appointment as honorary senator of the FAU • or a certificate of appointment as honorary citizen of the FAU • or a certificate of appointment as ambassador for the FAU
Service permission	<ul style="list-style-type: none"> • The occasion may arise that services that are offered by publishers, software suppliers or as part of a framework contact of universities or entities, cannot be used by honorary senators, honorary citizens, honorary members, ambassadors of the FAU or after the end of the service contract (based on the conditions for using these services) • The issue of an IdM-username and further approved IT-services are put in effect for the duration specified in the service contract or for the duration as specified in the certificate.
Duration	period of the service contract / certificate
Legal basis	member of the FAU: Art. 17 Abs. 1 Bayerisches Hochschulgesetz (BayHSchG)

User type: Research Assistants [auto]

Comments regarding selection of user type	Assistants with a university qualification (Master, State Examination) who are administered by the ZUV, Abteilung P
Information regarding issue of IdM or guest identification	<ol style="list-style-type: none"> 1. Service permission	<ul style="list-style-type: none"> • The RRZE provides requested IT-services for individuals after approval of each IT-service RRZE • once the IdM-point of contact of the institutional cooperation partner has justified the need for an IdM-username • or if the IdM-point of contact of the FAU-organizational unit has justified the need for an IdM-username for an employee of an external institution/company in the application due to a project-related cooperation <p>The issue of an IdM-username and further approved IT-services is put in effect for the demonstrated duration of assignment.</p>
Duration	duration of assignment or one year; at most 2 years
Legal basis	NA

User type: Guests

Comments regarding selection of user type	Participants in a course, exam or events at the FAU.
Information regarding issue of IdM or guest identification	<p>Guest identification for participation in courses is given out during course or exam registration. Data for authentication is sent via postal mail to the course participants or is distributed in class.</p> <ul style="list-style-type: none"> • The individual from the user group of employees responsible for the performance of the event at the FAU provides a consolidated request for guest identification for guest-WLAN and indicates the time span of the event.
Granting basis for services	<p>Granting basis is</p> <ul style="list-style-type: none"> • either the registration of a participant for a course at the FAU • or the registration of a participant for an exam at the FAU • or the application for guest identification for guest-WLAN by an FAU-organizational unit for an event it is hosting
Service permission	<ul style="list-style-type: none"> • Guest identification for courses or exams is only allowed to be used for services that are required during the course and are therefore approved; • guest identification for the use of guest-WLAN during an event at the FAU is limited to this service.

Duration	duration of the event or the stay or one (1) month
Legal basis	NA

User type: Others

Comments regarding selection of user type	Individuals who need access to specific IT-services but do not fit into any other user type.
Information regarding issue of IdM or guest identification	<ol style="list-style-type: none"> 1. The issue of an IdM-username for this type of user is put in effect explicitly, i.e. by application. 2. The application must be signed by an IdM-point of contact of the FAU-organizational unit that is interested in the provisioning of IT-services for the applicant by the RRZE. 3. The IdM-point of contact or employee of the RRZE-service counter is responsible for verification of the identification of the user. 4. The justification for the requested services must include a statement that clarifies to the RRZE that there is an entitlement for IT-service support and an acceptable need 5. Only if the justification is accepted the activation of the IdM-username will be completed. 6. Postal delivery of the activation letter (login information) is possible. 7. In case the activation of the IdM-username is not put in effect, a service counter of the RRZE should be contacted. 8. If the request is not granted, an IdM-username will not be provided.
Granting basis for services	For this type of user there is no condition. Granting basis for the application is evaluated by the RRZE on an individual basis.
Service permission	<ul style="list-style-type: none"> • The RRZE provides the requested IT-services, if in principle an entitlement for the support is apparent and the service requirement is approved by the RRZE. • The occasion may arise that services that are offered by publishers, software suppliers or as part of a framework contact of universities or entities, cannot be used (based on the conditions for using these services). • The issue of an IdM-username and further approved IT-services are put in effect for the duration of stay as demonstrated in the justification.
Duration	equivalent to the confirmed stay or six (6) months
Legal basis	must be initiated by an IdM-point of contact
